Mobile App, Innovation Center and Strategic Transformation Projects

Project Title	Mobile App, Innovation Center and Strategic Transformation Projects
Project Summary	Join the VOPA Team to work on projects and ideas that will change the future of paying for college. This unique opportunity with our team will give you firsthand experience working with the federal government while innovating as fast as the startup environment.
Country	United States

Project Description

Interns will be broken up into small groups based on major, skills and career interest. All of the groups will be lead by an intern project manger who will receive direction from Federal Student Aid (FSA) mentors. Weekly meetings, assignments, deliverable's and tasks will be assigned and tracked for each intern.

The areas of focus on the various projects assigned will include the following:

- -Communication and Marketing
- -Graphic Design and UX/UI Design
- -Data Visualization
- -Startup and Entrepreneurship
- -Project Management
- -Technical and Creative Skills
- Policy
- -Computer Science
- -Legal
- -Front and Back-end Developer

Required Skills or Interests

Skill(s)
Data analysis

Data visualization

Additional Information

This is a great opportunity for those that are particularly interested in the startup/entrepreneurship career path and with technical and creative skills. By participating in this project you will be able to provide your student perspective and contribute to solutions that can help millions of Americans who are trying to figure out how to pay for their education and repay their student loans.
